PUBLIC COMMENT

Paul Wright – West Point, said “The minutes from prior commissioner’s meetings are very lacking in content and timeliness and too vague to follow if one was not present and void of direct public comment.” Mr. Wright stated he has not received a direct answer on how the Juvenile Center will be funded in future years. He asked “How does the Juvenile Center stop delinquency?” He said “Don’t build another bottomless pit like the Amphitheater to throw money into that will not solve the problem.” Mr. Wright quoted Samantha Steele, County Assessor “Property tax depends on how much tax is required to operate public service organizations.” He asked how much the contract for the county attorney cost taxpayers each year.

Commissioner Byers stated the attorney makes approximately \$120,000 - \$130,000 per year for work performed for the Commissioners, Council, Drainage Board and any other business which is paid hourly.

Mr. Wright asked about the annual salary of a County Commissioner. Commissioner Murtaugh replied, “Commissioners make approximately \$52,000”.

Mr. Wright asked how the taxpayers can hold the commissioners liable for their actions. Attorney Luhman stated taxpayers have a represented democracy where elected officials are voted in office to make decisions on behalf of the taxpayers. Taxpayers have the opportunity to vote for commissioners they entrust with their tax dollars.

Mr. Wright asked Commissioner Knochel how long he has been a commissioner. Commissioner Knochel stated he has been a commissioner for 12 years.

Mr. Wright asked the county attorney how taxpayers can stop the commissioners from building the Juvenile Center. Attorney Luhman stated taxpayers have the opportunity to attend all commissioner and council meetings and be heard by the elected officials.

Commissioner Knochel confirmed the council and commissioners will have a joint meeting with the county financial planner to discuss the Juvenile Center.

Mr. Wright said the county has mismanaged the construction of the Lindberg Road over the celery bog, County Road 350 South, and the purchase of the land on Duncan Road.

He said in his opinion Tippecanoe County taxpayers are being abused and deserve better representation than they are getting.

Commissioner Knochel thanked Mr. Wright for his comments and invited him to the upcoming joint meeting between the commissioners and council.

- Commissioner Knochel move to recess until 11:00 a.m.
- Commissioner Knochel reconvened the meeting at 11:00 a.m.
